BEHIND THE BRUSH

Ciao, I'm Suely, an Italian Hairstylist & Make up Artist.

I live in Tuscany and I move all around the country for Destination wedding offering full Package Hairstyle and Make up for Bride and Bridal Party.

My professional journey began around 25 years ago and I began working in a big professional Hairdresser salon.

Eight years later I started working as an Hairstylist Trainer, I in Italy, Spain, Portugal and Turkey.

During this time, I had the chance to attend several Make Up Classes and deal with advertising campaigns of the company I was working for.

I worked like Hairstylist Trainer 3 years for GHD and 5 for Z.one Concept, two big multinazionali Companies.

In 2015 I open my business company working in the wedding industry

BRIDAL PARTY

Bridesmaids

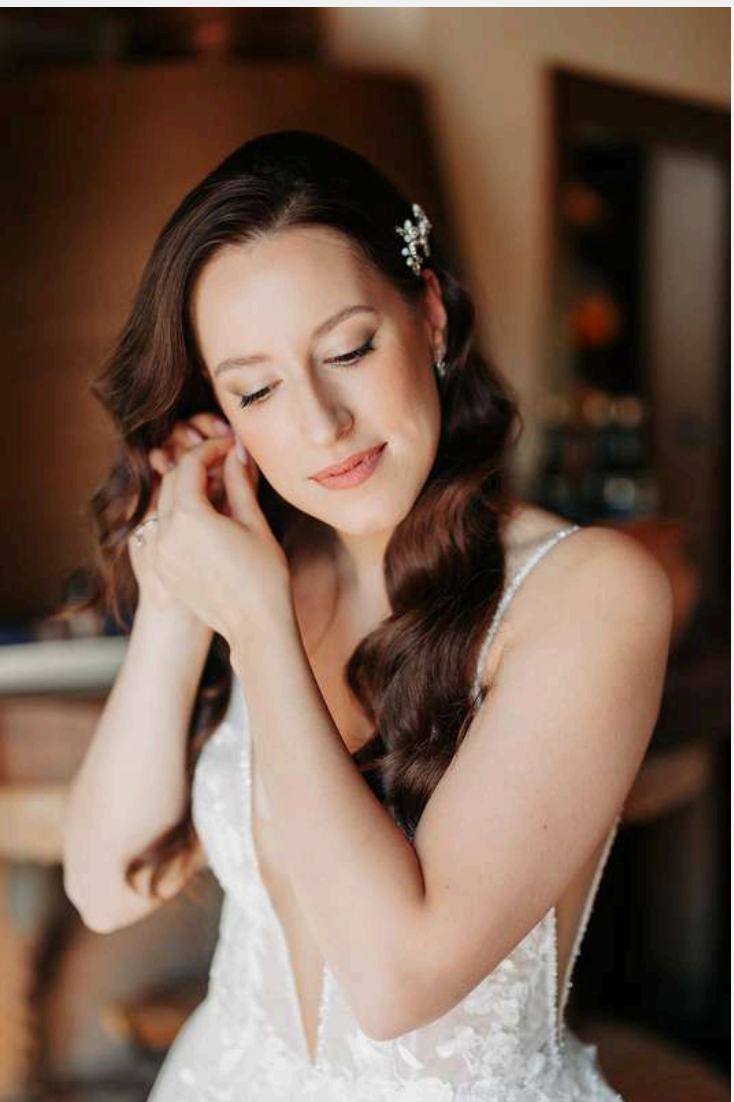

Family & Friends

On the wedding day, it is essential to have harmony surrounding the bride, and that even the dearest ones can share special and exciting moments with her. Therefore, thanks to the collaboration of my colleagues, I offer the possibility to extend hair and makeup services to bridesmaids and guests upon request

MY APPROACH

What sets me apart is my ability to balance calm control with positive energy.

On a wedding morning, I read people, emotions, and timing instinctively — knowing when to bring serenity, when to add lightness, and when to simply let the moment breathe.

I work with precision, cleanliness, punctuality, and deep respect for the team, creating a harmonious flow where beauty, emotions, and timing align naturally.
