M E E T M E

My name is Daniela and I'm a professional wedding and family photographer currently based in Elba Island (Tuscany). I love to travel all over Italy and the world to capture tenderness, intimacy and love stories

The aim to deliver something unique, together with the capability to catch a moment and make it eternal, pushed me to start my career in professional photography

Back in 2015 I created my own photography studio business, which I deeply love and for which I work very hard

A special place in my heart belongs also to the spring, the vintage items and the scent of a fresh baked appel pie.

My Photography Style

I'm a discreet and reserved girl; I feel comfortable when I can make myself invisible to your eyes so as to capture every little emotion and spontaneous expression, never being intrusive.

My photos are elegant and delicate: I believe in the beauty of simplicity combined with an artistic touch.

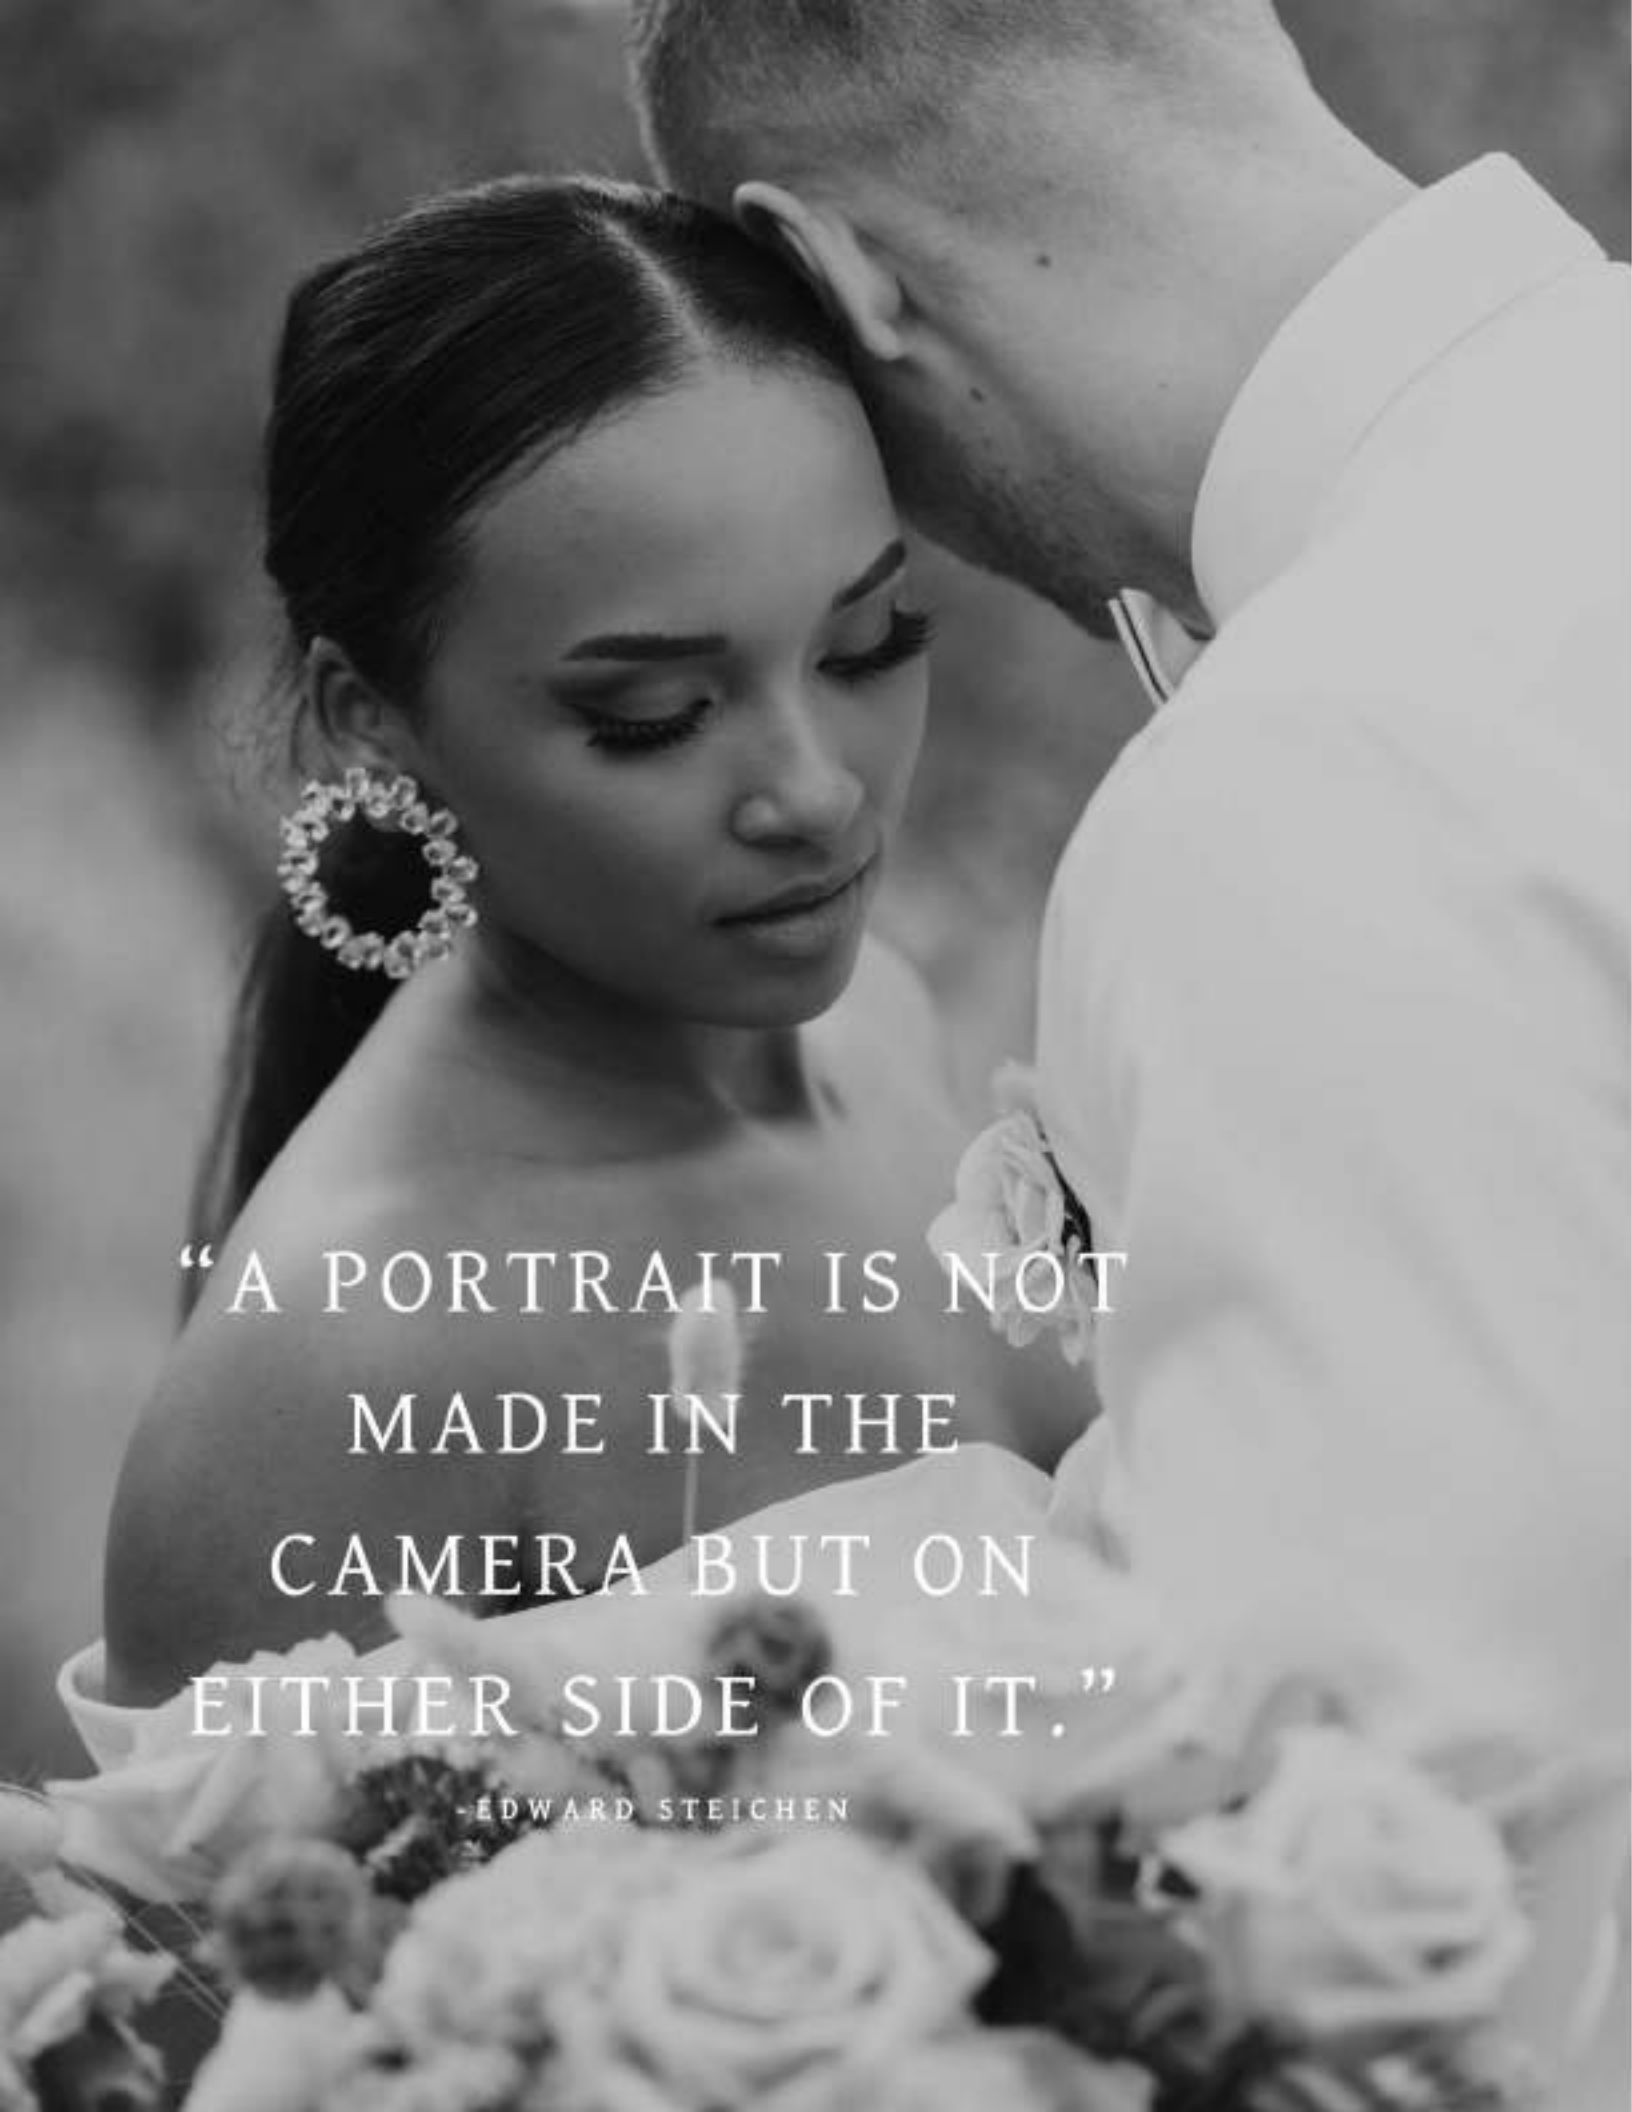

I like to immortalize even the smallest among the details such as the gestures of the hands, the looks that cross, the buttons of the dress that follow each other along the back or simply a letter in the hands.

A group of women in formal attire, possibly at a wedding or gala. One woman's bare back is visible in the foreground, wearing a large pearl earring. Two other women are in the center, smiling and holding hands. The image has a soft, warm, and slightly faded aesthetic.

YOUR QUESTIONS

Q: What is your photographic style?

A: My photography is spontaneous and reflects my personality. I like to be the storyteller of your story through my point of view and you can use these words to describe my photos: "elegant", "essential" and "delicate".
My colours are pastel like a paint.

Q: Do you'll be present on the wedding day?

A: I guarantee my presence on my couples wedding in way to have the quality that I've shown.
This is the reason because I take only a wedding in a day and if you love my pictures I suggest you to book me as soon as possible for be sure to find me available.

Q: What is the plus to have the second shooter?

A: The packages that have the second photographer help us to follow both getting ready with more focus on details and moments and to have the double point of view in the best moments (ex: bride that comes and the reaction of the groom)

MY ANSWERS

Q: How many photos you'll delivery?

A: Each package has indicated the minimum number of guaranteed photos that will be delivered; the reason why "no precise number" is because each wedding is different so the shots follow what happens.

Q: How many time before we need to book you?

A: There is no right or wrong time, but it depends so much on the availability that I have left. If you get married on Saturday in high season I recommend you contact me 18-12 months before the date to have more chance of finding me free.

Q: Do you do also the video ?

A: I'm not in charge of the video myself, but I support professional video makers who specialize in that.
For interested couples I can present them a list of trusted professionals with whom I love to collaborate.
