About me

Hello,

My name is Giuseppe and I am a wedding photographer based in the jewel of Italy, the splendid and romantic Tuscany.

I work throughout Italy and abroad thus combining my two great passions, photography and travelling.

Always looking for new inspirations and experiences, I aim to match innovation and novelty to my trade mark style in every wedding photo shoot.

SOME QUESTIONS:

WHAT'S YOUR EDITING STYLE?

We work on each image enhancing the beauty of the photographed subject, without altering its natural features. We love vivid colors, however we always add black & white images to the mix.

WHEN CAN WE EXPECT TO RECEIVE OUR IMAGES?

We guarantee delivery of the fully edited images within 90 days from the wedding day. You will also receive a sneak peek the day after.

DO YOU DELIVER THE HIGH-RESOLUTION FILES AND THE RAW FILES?

We deliver the fully edited high-resolution files of all the photos taken during the day. You will have full printing rights on the images, but we do not deliver RAW files. Our editing is an important part of the process, it's what ultimately defines our signature style, and therefore providing our clients with RAWs would mean denying the added value of our brand.
