ABOUT US

NVR Djs for party is a professional Multi-Awarded Dj which offers music for weddings and private events all over Italy (based in Florence, Tuscany).

Since 2008 I have been active in private events (Graduations, B-day, corporate events), and we worked with international customers as Benetton, Audi, Ducati, Sisley, Porsche, Mars, Vodafone ecc. Playing music in the most important Italian provinces (Rome, Bologna, Milan, Venice, Florence, Sicily ecc..)

Since 2015, in the world of private events, the «Wedding sector» joined, in which, at the moment, we concentrate the greatest volume of our services (about 45-50 weddings per year).

Winner of the «International Wedding award» and rated 5.0/5.0 on more than 140 reviews by couples.

I'm present on social networks searching **NVR DJS FOR PARTY** or **DANIELE_TAGLIANETTI_DJ** (Facebook, Instagram, Youtube) and my official website: <https://nvr DJs for party.it/>

WEDDING SERVICES

The services, in the wedding sector, include all the necessary for the performance of a reception, starting from the simplest, till the most articulated event, including music direction and background starting from ceremony till the after dinner party.

Our multiple instrumentation, among the top of the range in the audio sector, allow us to manage up to 2 audio stations simultaneously, so as to satisfy every request in case of venues with various locations.

Our musical repertoire is at 360°, starting from beloved 70s/80s till nowadays hits, passing by rock, classic house, hip-hop (old and new school), pop etc..

Thanks to some courses held in the past we also guarantee the audio-editing service for anyone wishing to perform a flashmob with a single track made up of several parts of other tracks.

At the dj service, since 2018, we have been also added the «Architectural lights» service, including the installation of string lights (bulb) wireless/battery uplights, fairy lights and the audio renting service, for anyone who needs to rent audio systems or Dj console.

P.S. Uplighting system for dancefloor is always included in the price.
