

Weddings Content Creator

Italy, Europe

With around 10 years of experience as a content creator, I truly enjoy capturing the heartfelt moments of newlyweds and their guests, along with the beautiful event details, locations, and stunning decor. I would be delighted to create unique content specifically for you.

What you will get:

- Hundreds of luxurious photos and videos delivered within 24 hours.
- Attention to detail and emotions - the content creator captures the most vibrant and memorable moments of the event.
- Several professionally edited clips in trending formats for your social media, which you can publish and share with friends.
- More than just content - I strive to be not only a creator but also a friend. I'm always ready to help you find the right pose, relax in front of the camera, adjust your dress, find your bouquet, and offer supportive words if you're feeling nervous before the ceremony.
