

Mediaddressing

At our bespoke wedding service, we have been curating unforgettable musical experiences since 2004, and Casale de' Pasquinelli feels like our second home — a place we know intimately and cherish.

Our mission is to craft a musical backdrop that reflects your vision for the day, seamlessly blending genres and tempos to suit each moment. Whether you want soft background tunes during dinner or lively beats to fill the dance floor, our DJ will create a soundtrack that resonates with your unique celebration.

We work with a custom form where we gather details about special songs, like those for first dances, and your suggestions to help us create the perfect post-dinner playlist.

Our DJs operate in the moment, much like chefs, crafting the right vibe by responding to guests' reactions as the event unfolds.

As part of the planning process, we'll set up a call to review all the details together, and you'll receive our recommendations for background music during the aperitif and dinner.

Only our top DJs — destination wedding experts — are assigned to events at Casale de' Pasquinelli, ensuring an exceptional musical experience.

Thanks to our partnership with Casale de' Pasquinelli, we offer special rates for events held there.

We look forward to crafting an unforgettable musical journey that enhances every moment of your special day.

Here's our most requested service:

Full service option (9 hour service - end 1 am) including:

- Pre ceremony background music
- Ceremony: background music, wireless handheld mic for celebrant if needed
- Aperitif: background music selection
- Dinner: background music selection
- After dinner party Dj services: Dance Pa system with 2 speakers, 4 light effects on support to color dances - 3 hour service

TOTAL RATE: Euro 2.500 + 22% vat - this cost includes full insurance coverage and travel fees

According to availability, we can also provide music for welcome event and farewell brunch.

Additionally, please note that to host a wedding music party in Italy, a couple must obtain a license under payment called SIAE.

This license covers the use of music rights for your event. If you require assistance obtaining it, we offer a facilitation.

We look forward to hearing from you soon!
